

PP DOOR THICKNESS AND SIZE

Thickness (mm)	Size (ft.)
30	6.5X2.5
30	6.5X3.5
30	7X3.5
32	6.5X2.5
32	6.5X3.5
32	6.5X3.25
32	7X3
32	7X3.5

The Premium Plus Door is designed to be an ideal solution for your personalized and commercial spaces. Crafted from high-quality eucalyptus hardwood fibers, this door offers a blend of durability and elegance.

Our pre-engineered doors offer an environmental friendly and economical solution for your interior needs. Unlike traditional wood doors are crafted with sustainability in mind, reducing the demand for natural wood resources and providing a more eco-conscious choice for your spaces.

These doors are available in two sturdy options — 30mm and 32mm thickness — Premium Plus Door combines functionality with sophistication.
